1920 CENSUS INDEX

1

1. The first part of the report discusses the general situation of the economy in 1970. It notes that the economy is still in a state of recovery, but that the rate of growth is slowing down. The report also discusses the impact of the oil price increase on the economy.

2

2. The second part of the report discusses the impact of the oil price increase on the economy. It notes that the increase has led to a rise in inflation, but that the government has taken steps to control it. The report also discusses the impact of the oil price increase on the balance of payments.

3

3. The third part of the report discusses the impact of the oil price increase on the balance of payments. It notes that the increase has led to a rise in the trade deficit, but that the government has taken steps to control it.

11

1. The first part of the paper is devoted to a discussion of the various methods which have been proposed for the determination of the rate of reaction of a substance with oxygen. It is shown that the most reliable method is that of measuring the rate of change of the concentration of the substance, and that this can be done by measuring the rate of change of the optical density of the substance in solution.

12

2. The second part of the paper is devoted to a discussion of the various methods which have been proposed for the determination of the rate of reaction of a substance with oxygen. It is shown that the most reliable method is that of measuring the rate of change of the concentration of the substance, and that this can be done by measuring the rate of change of the optical density of the substance in solution.
